Plural

Terri Pecora

Shared intimacy

Designed by Terri Pecora in collaboration with Design Studio Vitra, Plural offers the feeling of a vintage living room, inspired by the iconic mid-twentieth century look. Light and airy furniture is creatively embedded into the bathroom environment, introducing a welcoming domestic space where users can share time with others.

Plural's refined design language creates an atmosphere of sensual luxury. With an aesthetic mix and match of forms, finishes and colours, it brings objects and people together in a delightfully harmonious bathroom environment.

Terri Pecora

The bathroom as a social hub

All the elements of Plural interrelate in a way that encourages mixing and grouping together in a modern and fresh bathroom concept.

Terri Pecora

Mixing colours

Plural introduces a subtle palette of colours and materials into the bathroom space to break away from conventional design.

Floating elements

Plural washbasins appear to float from the wall and can be positioned in unprecedented locations, even in the middle of the room.

Terri Pecora

Changing rituals

Plural offers a contemporary interpretation of communal bathing spaces and rituals, inspiring new experiences in shared intimacy.

Plural

Elegant furniture

Plural presents attractive, light-looking, yet solid and strong furniture with graphic black legs. The wood countertop creates an exquisite centrepiece to any bathroom. It may be hard to resist the warmth, texture and authenticity of solid wood, but the collection also offers a compelling set of ceramic countertops in an innovative array of colours.

Sharing mirrors

Plural's wall-hanging vertical mirror moves from side to side allowing the mirror to be used from two angles.

Terri Pecora

Leading innovation

Three innovative and technologically -advanced syphon solutions, conceal the untidy look of pipes, enabling washbasins to be mounted in any part of the room.

One allows the ceramic basins to be placed at various angles as an alternative to conventional positioning against the wall, encouraging users to face each other and engage with their surroundings.

Another has been designed specifically to enable washbasins to be mounted in an open bathroom space whilst retaining a clean and minimalistic look.

The third allows for the fitting of monoblock basins at free angles in the room instead of the more common 90° angle to the wall.

Seamless design

Plural WC pans have a clean, seamless look. To strengthen the seamless harmony, the seat cover hinge colour can be matched with your tap colours.

With their compact and unique form, Plural's new generation urinals add a subtle style to commercial bathrooms. Available in standard and monoblock versions, they also present perfect options for public bathroom environments.
